**APPROVAL OF MINUTES:**

February 28, 2014 – Full Board Meeting

Minutes of the February 28, 2014, General Business Meeting Telephone Conference Call were reviewed. Motion to accept the minutes was made by Mr. Saunders and seconded by Mr. Gooljar.

Vote 5 ayes/ 0 opposed; motion carried

General Board Business ended: 9:10 a.m.

Other Actions started: 9:10 a.m.

**PETITION FOR VARIANCE/WAIVER**

Edgardo Hernandez – Orthotist. Mr. Hernandez was present, but was not represented by counsel.

Petitioner requested a variance/waiver from rule 64B14-4.001, F.A.C. because of his education and experience. Based upon his good standing with the Board for Orthotist/Prosthetist Certification (BOC) by examination in 2003, the American Board for Certification in Orthotics, Prosthetics & Pedorthics, Inc. (ABC) awarded Petitioner the credential of a Certified Orthotist (CO) on August 1, 2004 through a temporary pathway that did not require him to meet educational, residential and/or experiential requirements. Petitioner worked as an orthotist in Puerto Rico between November 2003 and July 2012.

Mr. Hernandez stated that he had not been practicing in Florida as an orthotist since his return to Florida in July 2012, but that he had kept up with continuing education in the field through attendance at national association meetings.

Mr. Saunders asked why the material signed by the supervisor, Mr. Pagan, was in the same handwriting as the applicant’s; after reviewing file he believed that applicant was qualified to take the ABC examination; the applicant never took any examination and Mr. Saunders would not agree to waive the requirement. Board Counsel explained that the applicant was requesting a waiver from taking the examination based on his education and experience; asked if the Board found there was no hardship to requiring the examination and if the underlying purpose of the statute would not be met unless the applicant took the ABC examination. Mr. Saunders and Mr. Griner agreed there was no hardship to requiring the examination and the underlying purpose of the statute would not be met unless the applicant took the ABC examination.

Motion made by Mr. Chmielewski to deny the Petition for Variance/Waiver of Rule 64B14-4.001, F.A.C., because the underlying purpose of statute would not be met and there was no hardship to requiring the examination. Seconded by Mr. Griner.

Vote 5 ayes/ 0 opposed; motion carried

Other Actions ended: 9:51 a.m.
**Application Actions started: 9:51 a.m.**

**APPLICANTS PRESENTED FOR BOARD REVIEW:**

- **Ray Sanchez** – The applicant was before the board for review of his application for Orthotic Fitter Assistant. Mr. Sanchez was present but was not represented by counsel.

  Mr. Sanchez’s application indicated that he was assisting an orthotic fitter to evaluate, fit and modify Orthotic devices. Because of this description, the Board reviewed the application at its February 28, 2014, Board of Orthotists and Prosthetists meeting, but Mr. Sanchez was not present. The Board issued an order, filed on March 18, 2014, requiring him to appear at one of the next two board meetings in order to respond to questions of the Board.

  The applicant explained that he “followed” the licensed orthotic fitter as the orthotic fitter evaluated, fit and modified orthotic devices; that his title of Director of Patient Care entailed gathering information, acting as liaison for matching patients to services and for billing services provided; that there was a Certified Prosthetist-Orthotist on staff.

  Motion made by Mr. Saunders to issue a license for Orthotic Fitter Assistant. Seconded by Mr. Chmielewski.

  Vote 5 ayes/ 0 opposed; motion carried

- **Stephen D. Stokes, D.C.** – The applicant was before the board for review of his application for Orthotic Fitter. Dr. Stokes was present but was not represented by counsel.

  Dr. Stokes’s application was before the board for review because his Orthotic experience was gained under the direct supervision of a licensed Chiropractor and occurred prior to the completion of the required courses for licensure.

  The applicant explained that he received education in Orthotics while in training to be a Chiropractor. He subsequently trained under a licensed Chiropractor when the rules allowed for Chiropractors to fit Orthotics until 2012 when the rules changed. He wanted to concentrate his practice on the provision of orthotics (primarily back braces) and still supplied off-the-shelf Orthotics to his patients and was given information from the Department that his education, training and experience would qualify him for an Orthotic Fitter license.

  Mr. Saunders reviewed s. 465.803(5)(c)3, Fla. Stat., and rule 64B14-4.003(2)(c), F.A.C., and stated that the required training must be taken under a licensed Orthotist and that the training under a Chiropractor is not permitted. The statutory requirements could not be waived and the applicant could qualify as an Orthotic Fitter Assistant until the required experience could be gained and the examination would not have to be retaken. Board Counsel advised the applicant that he would need to waive having the Board issue a decision within 90 days of application if he did not want the Board to deny his application. The applicant agreed to waive the 90 days.

  No motion required.

**Mr. Gooljar left the meeting at 10:10 a.m.**

- **Amira Ali Mouad** – The applicant was before the board for review of her application for an Orthotist license. Ms. Mouad was present but was not represented by counsel. Mr. Saunders recused himself from participating as he was the original supervising practitioner for the applicant.

  Ms. Mouad’s application was before the board for review because during her residency she changed her supervisor and the location of her residency without notifying the board.

  The applicant gave background on her experience to date; stated that she submitted the appropriate forms as soon as she was made aware that she had to report the changes; that there was no gap in her residency because of the changes; and that she had passed the ABC examination for an Orthotist.

  Motion made by Mr. Chmielewski to issue a license for Orthotist. Seconded by Mr. Griner.

  Vote 3 ayes/ 0 opposed; motion carried
Thomas F. Ruscitti – The applicant was before the board for review of his application for a Pedorthist license. Mr. Ruscitti was present but was not represented by counsel.

Mr. Ruscitti’s application was before the board for clarification of his experience, since the paperwork he submitted to the Board office indicated misuse of his job function title and the possibility that he worked beyond the scope of this license.

The applicant admitted to using the title C-Ped on his badge at work, but explained that he believed this was allowed since he had passed the ABC certification examination; that he only thought he could not use “licensed” in his job title and explained the work that he performed.

Mr. Griner asked if the Board could levy an administrative fine for the misuse of the job title “C-Ped.” Board Counsel stated that the Board had that authority.

Motion made by Mr. Chmielewski to issue a conditional license pending payment of a fine in the amount of $300. Seconded by Mr. Saunders.

Vote 4 ayes/ 0 opposed; motion carried

Christina L. Skipper (Mann) – The applicant was before the board for review of her application for an extension of time to renew her Prosthetic Residency. Ms. Skipper presented after discussion began, and was not represented by counsel.

Ms. Skipper’s application was before the board for review because the credentialing committee determined that her request for an extension of the time to complete her Prosthetic residency was submitted approximately one month after the expiration date.

Board Counsel advised that the requirement under rule 64B14-4.115, F.A.C., to file a written request for extension would not go into effect until May 15, 2014.

Motion was made by Mr. Chmielewski to approve the extension complete her prosthetic residency until February 28, 2015. Seconded by Mr. Griner.

Vote 4 ayes/ 0 opposed; motion carried.

Board staff announced the Orthotic license would be issued on May 14, 2014.

Application Actions ended: 10:48 a.m.

General Board Business started: 11:03 a.m.
